Dear Parents.

We are excited to start the 1st Annual Music & Movement School. We have worked on this theme for about four weeks. Children

differentiate colors. They are made aware of close relationship in their family through mind factory questions. long with it we have made them aware about things that we eat and drink and fruits we eat. Our efforts will help them to imbibe manners, etiquettes and moral values. Their creative skills will be enhanced through Art & Craft activities such as hand print, leg print, thumb print, face mask, Cotton dabbing, and colouring of pictures etc. By motor skills activities like block games, walk on a straight line, jump in the circles, various games like hit the balls, snake and ladders etc. will channelize their energy. This month we have introduced letters-A to Z with their phonic sounds. By the end of the month the children will be able to recognize these letters. In maths, we introduced No. 1 & 30, backward counting 10 - 1.
