**KDMA INTERNATIONAL**  
**Work Plan for Play Group (April & May-2025)**

**Date 17/05/2025**

Dear Parents.

have learnt to identify body parts and understand their importance, functions as well as various clothes that we wear on them. Exploring colorful party streamers, balloons, juices and objects. This can help children learn and differentiate colors. They are made aware of close relationship in their family through mind factory questions. long with it we have made them aware about things that we eat and drink and fruits we eat. Our efforts will help them to imbibe manners, etiquettes and moral values. Their creative skills will be enhanced through Art & Craft activities such as hand print, leg print, thumb print, face mask, Cotton dabbing, scribbling and colouring of pictures etc. By motor skills activities like block games, walk on a straight line, jump in the circles, various games like hit the balls, snake and ladders etc. will channelize their energy. To develop writing skills, we have introduced writing patterns like standing line, sleeping lines, slant lines, front open curves etc. This month we have introduced letters-L&T with their phonic sounds. By the end of this theme the children will be able to recognize these letters. In maths, we introduced No. 1 & 7 only. Our focus will be on writing and recognition of these numbers and solving the mathematical exercises like count and write, match number to number etc.

**VOCABULARY WORDS:** Please, Sorry, Thank you, Excuse me. Welcome, Good, Sit, Stand, Hungry, Taste, Jump, Small, Hop, Catch, etc.
